Accent Lighting

LED uplighting sets the tone for your event by accenting columns and splashes of color on walls. An infinite number of colors can be created.
Turn this... Into this...

Without any special lighting

With LED Accent Lighting

Pin Spot Lighting

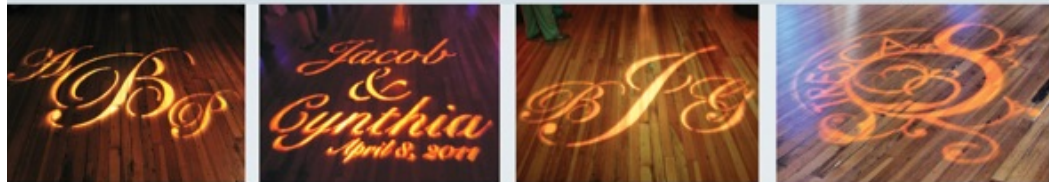

Tightly focused beams of light for highlighting floral arrangements, centerpieces, cakes, & portraits.

Custom Gobos & Monograms

Custom designed gobos created to project your monogram, names, date, or logo onto the floor, wall, or both.

Staircase Lighting

Tresca on 8th Staircase Lighting
Ellipsoidal light framed to shape of staircase.

Video Display

Our 55" LCD video screen with stand can be used to display photos, slideshows, or videos from your laptop or DVD player.
(VGA, HDMI, Component & Composite Inputs)

Exterior Lighting

A wireless remote control is provided that controls the intensity of the light, and allows it to fade in & out.

Your videographer and photographer will be very happy!

Color accent lighting can be added to the sides or above staircase as well.
